

## East of the Sun

I woke one morn with guilt on my chest  
For my prince and my castle were gone  
And I laid on a little green patch in a wood  
With a bundle of rags from a long, long time ago

Well, I stumbled and fell, and I broke every spell  
And I wish I'd have known what I've learned  
For my lover's to marry another  
Unless I can find the edge of the earth  
Oh, what a long, long way to go

He said  
East of the Sun and West of the Moon  
There's a castle on a shoreline  
And a rose garden, too  
For it's you who ought to have me  
And I'll have no one but you  
East of the Sun and West of the Moon

Well, I walked many miles and I rode on the wind  
'Til I threw myself at your door  
I twisted and bargained with trolls that were guarding you  
And told them, oh, what a long, long way I've come  
But they still wouldn't budge

You said take heart and you tore them apart  
And we sang with the joy of the day  
For our love is true, you were lost and  
I found you anyway  
But that was a long, long time ago

East of the Sun and West of the Moon  
There's a castle on a shoreline  
Now a wee baby, too  
For it's you who ought to have me  
And I'll have no one but you  
East of the Sun and West of the Moon

## Let It Shine

This is the day that the Lord has made, Let it shine on me  
The sun is shining bright and even brighter off the lake, Let  
it shine on me  
This earth is so far from the milky way  
But there's a smile on my face, so let it shine

I am a lover of the Universe, let it love me too  
I am a lover even when it hurts, baby love me do  
I'd shower my love all o'er the earth  
If I knew it would work, I'd shower my love

Let it shine and show'r your love  
Let it shine and show'r your love

This is the day that I find my peace, let it find me too  
This is the day that I find my peace, may your peace find  
you  
This is the day that sets me free  
And this peace is gonna pull me through

This is my prayer for you, my friend: may you always sing  
This is my prayer, may you never guess what life might  
bring  
May you smile and laugh at the little things  
And my friend, may your laughter ring

Find your peace, let laughter ring  
Find your peace, let laughter ring  
Let it shine and show'r your love  
Let it shine and show'r your love

## To Die

The sun is rising high above the creek  
The stars are fading back into the sky  
The water's playing softly at my feet  
I haven't lived enough to die

I had a dream I laid down in my grave  
It was dark down there inside  
I watched my father bury my brother yesterday  
He hadn't lived enough to die

Make me an offer on my time  
Who knows how much I've got left anyway  
Grab my shoulders and shake me back to life  
'Cause the trees sure look beautiful today  
Maybe I'll be one of them someday

The sun is rising high above the creek  
I've been counting all the stars up in the sky  
The wind is blowing softly round the flowers at my feet  
Oh, what a world we live in just to die

## Before I Met You

His smile could light up a thousand dawns  
And it makes my world seem much darker than before  
The stars in the sky match the sparkle in his eyes  
And it makes a word or two mean so much more than  
before

Before I met you, darling  
Before you changed my world

The lights in the city they shine for you and me  
The love in my heart makes the air all around us so sweet  
When you took my hand and we started to dance I was  
lost in your embrace  
When cheek against cheek the passionate breeze had its  
way

And carried us away

Before I met you, darling  
How did I live?  
Before you changed my world

*Senza di te la mia vita non ha senso  
Senza di te la mia vita non ha senso*

Before I met you, darling

How did I live?  
Before you changed my world

### The Train

Save me a spot on the train 'til I get there  
I'll let you sit by the window to be fair  
I have been waiting a very long time  
So save me a spot on the train

Brush all the dirt from my clothes 'fore I get there  
Brush all the knots in my hair 'fore I get there  
I've been in battle and I'm painted with blood  
So please brush the dirt from my clothes

Mountains upon Mountains  
Upon fields of flowers grow  
I am waiting, I am waiting  
For the joy that I will know

Wipe all the tears from my eyes when I get there  
Hold me and say "It's alright" when I get there  
I want to see clearly the kingdom he's made  
So please wipe the tears from my eyes

Now is the time that we journey to get there  
Now we will surf o'er the stars 'til we get there  
The tide has been pulling a very long time  
I hope there's a spot on the train

Mountains upon Mountains  
Upon fields of flowers grow  
I am waiting, I am waiting  
For the joy that I will know

Mountains upon Mountains  
Upon fields of flowers grow  
I am waiting, I am waiting  
For the joy I've never known

### The Captain

Rest, there is rest where I'm going  
Peace, beyond the white waves  
On the shore all the people are singing  
Sweet verses to send me away:

Sail on, sail on  
The Captain sails on

Roundabout petals of lilies I tread  
kissed by the beams of the moon  
Softly they touch upon dreams in my head  
And sing me celestial tunes:

Sail on, sail on  
The Captain sails on

Gently I drift toward the sun  
As the current lulls me along  
Echoes of laughter and rhythms of love  
Sing me a memory song:

Sail on, sail on  
The Captain sails on  
Sail on, sail on  
My Captain sails on

### It's Alright

Early in the morning I'm up and on my feet  
Before I even open up my eyes and stop my dreams  
Late in the evening I'm fading off to sleep  
To rise up with the sun again and pay for the air I breathe

It's alright; It's alright  
It's alright, lord, I know it's gonna be alright  
I got Jesus in my heart  
I got plans up in my mind  
And I'm pretty sure I'm gonna be just fine

Once I had a love and he was perfect as can be  
I am not his wife because he didn't care for me  
Now I am on my own and I am lonely but I'm free  
And my heart is on display for the whole damn world to see

It's alright; It's alright  
It's alright, lord, I know it's gonna be alright  
I got Jesus in my heart  
I got plans up in my mind  
And I'm pretty sure I'm gonna be just fine

Judgment day's a-rollin faster than I'd like to say  
And Jesus is my Savior but I got some dues to pay  
I haven't been to church and sometimes I forget to pray  
But I'm pretty sure that I will see the light one fine day

It's alright; It's alright  
It's alright, lord, I know it's gonna be alright  
I got Jesus in my heart  
I got plans up in my mind  
And I'm pretty sure I'm gonna see the light  
It's alright; It's alright  
It's alright, lord, I know it's gonna be alright  
I got Jesus in my heart  
I got plans up in my mind  
And I'm pretty sure I'm gonna see the light

It's alright; It's alright  
It's alright, lord, I know it's gonna be alright  
I got Jesus in my heart  
I got plans up in my mind  
And I'm pretty sure I'm gonna see the light  
And I'm pretty sure I'm gonna be just fine  
Yeah I'm pretty sure I'm gonna be alright
